

## EXERCISE OF LESSON-4: MICROSOFT POWERPOINT 2007

### A. Fill in the blanks:

1. We specify number of rows and columns in the Insert Table dialog box.
2. 'Insert Above' option is present on the Layout tab.
3. The Shape fill is used to apply different background colours in a table.
4. The Plot Area is a window within the Chart Area that contains the actual chart.
5. Data Series are the bars that show the data value.
6. The Pen Weight Tool is present in the Draw Borders group.

### B. State True or False:

1. To insert a table in a presentation, we should use Title Slide Layout. False
2. Text can be entered in a table by clicking on the desired cell. True
3. Multiple rows can be added in a table. True
4. The border of a table cannot be modified. False
5. When we insert a chart, the data is also displayed in a special window called Datasheet. True
6. We cannot delete the entire data of a datasheet. False
7. The text is aligned to the top of a cell by default. True

### C. Application Based Questions:

1. Rajiv has created a presentation of 5 slides in MS-Powerpoint. In all the five slides he has used only text. He wants to add one more slide, in which he would insert chart and clipart. Suggest to him which type of slide layout should he use for the same.

Ans. Title and Content layout

2. Sumit is working in MS-Powerpoint 2007. He has created a table of 4 rows and 5 columns. But later on he realized that he needs one more row in the same table. Help him by suggesting the correct option to perform the task.

Ans. LAYOUT tab  INSERT ABOVE.

### D. Multiple Choice Questions:

1. Intersection of a row and a column is called a \_\_\_\_\_.  
(a) Cell Border                      (b) Table                      (c) Cell  
Ans. (c)
2. \_\_\_\_\_ depicts the pattern, color of the symbols which are assigned to the data series.  
(a) Chart Area                      (b) Legend                      (c) Plot Area  
Ans. (b)
3. \_\_\_\_\_ refers to the positioning of text in a table cell.  
(a) ALIGNMENT                      (b) FORMATTING                      (c) TABLE STYLE  
Ans. (a)
4. In MS-Powerpoint 2007 Chart button is present on \_\_\_\_\_ tab.  
(a) HOME                      (b) DESIGN                      (c) INSERT  
Ans. (c)
5. There are \_\_\_\_\_ alignment buttons on the Layout tab.  
(a) Four                      (b) Six                      (c) Three  
Ans. (b)

**E. Answer the following:**
